

**MAINTENANCE AND RETURN ADDENDUM** ("M&R Addendum") to Aircraft Lease (N599DA) dated as of March 30, 2001 (the "Lease") by and between Fleet National Bank, as lessor ("Lessor"), and SM 5105 LLC, as lessee ("Lessee").

All capitalized terms used herein which are not otherwise defined herein shall have the meanings given to such terms in the Lease. Except as set forth herein, all of the terms and conditions of the Lease and any supplements, schedules, addenda, exhibits or the like entered into pursuant to the Lease remain in full force and effect. Execution of the Lease by Lessee and Lessor shall be deemed to constitute execution and acceptance of the terms and conditions hereof, whereupon this M&R Addendum shall be deemed to be a part of the Lease.

The following provisions are hereby incorporated into the Lease:

I. Maintenance of Aircraft.

(a) Maintenance and Operation. During the Term, Lessee, at its own cost and expense, shall (i) maintain, inspect, service, repair, overhaul and test the Airframe and each Engine in accordance with FAA approved and Manufacturer's recommended maintenance programs; (ii) maintain (in the English language) all Records and (iii) promptly furnish to Lessor such information as may be required to enable Lessor to file any reports required by any governmental authority as a result of Lessor's ownership of the Aircraft. All maintenance procedures shall be performed in accordance with all FAA and Manufacturer's standards and procedures by properly trained, licensed, and certified maintenance sources and maintenance personnel utilizing replacement parts approved by the FAA and the Manufacturer, so as to keep the Airframe and each Engine and Part in good operating condition, ordinary wear and tear alone excepted, and to enable the airworthiness certificate for the Aircraft to be continually maintained.

In the event any Engine is damaged or is being inspected or overhauled, Lessee, at its option, may substitute another engine of the same make and model as the Engine being repaired or overhauled provided such Engine is approved by the FAA and the manufacturer of the Airframe for use on the Aircraft (any such substitute engine being hereinafter referred to as a "Loaner Engine") during the period of such repair or overhaul and provided further (x) installation of the Loaner Engine is performed by an FAA and manufacturer certified mechanic with respect to an aircraft of the type of the Aircraft, (y) the Loaner Engine is removed and the repaired or overhauled original Engine is reinstalled on the Airframe promptly upon completion of the repair or overhaul of the original Engine but in no event later than the expiration, cancellation or earlier termination of the Term and (z) the Loaner Engine is free and clear of all Liens and is maintained in accordance herewith.

(b) Additions, Alterations and Replacement Parts. Lessee shall be entitled from time to time during the Term to acquire and install on the Aircraft at Lessee's own cost and expense (and Lessor hereby appoints Lessee to be Lessor's agent for such purpose, so long as no Event of Default has occurred and is continuing), any additional accessory, device or equipment as may be available at such time ("Additions") but only so long as such Additions (i) are ancillary to the Aircraft; (ii) are not required to render the Aircraft complete for its intended use by Lessee; (iii) will not impair the originally intended function or use of the Aircraft or diminish the value of the same; (iv) can be readily removed without causing material damage to the Aircraft and (v) in the event that Lessee has executed a Special Tax Indemnity Rider to the Lease, do not result in a "Tax Loss" as such term is defined in such Special Tax Indemnity Rider. Title to each Addition which is not removed by Lessee prior to the return of the Aircraft to Lessor shall vest in Lessor upon such return.

Any alteration or modification ("Alterations") with respect to the Aircraft that may at any time during the Term be required to comply with any applicable law or any governmental rule or regulation, including, without limitation, any airworthiness directives, shall be made at the expense of Lessee.

Lessee, at its own cost and expense, will promptly replace all Parts which may from time to time become worn out, lost, stolen, taken, destroyed, seized, confiscated, requisitioned, damaged beyond repair or permanently rendered or declared unfit for use for any reason whatsoever.

Lessee shall repair all damage to the Aircraft resulting from the installation and removal of Additions, Alterations and/or replacement parts so as to restore the Aircraft to its condition prior to installation, ordinary wear and tear excepted.

Alterations and/or replacement parts shall be deemed accessions, and title thereto shall be immediately vested in Lessor without cost or expense to Lessor.

(c) Aircraft Marking. Lessee agrees, at its own cost and expense, to (i) cause the Airframe and the Engines to be kept numbered with the identification or serial number therefor as specified in Schedule No. 1 to Lease Supplement No. 1 hereof; (ii) prominently display on the Aircraft that "N" number, and only that "N" number, specified in Schedule No. 1 to Lease Supplement No. 1 or such other "N" number as has been approved in writing by the Lessor and duly recorded with the FAA; (iii) notify Lessor in writing thirty (30) days prior to making any change in the configuration, appearance or coloring of the Aircraft from the time the Aircraft is accepted by Lessee hereunder (other than changes in configuration mandated by the FAA or changes which are reasonably consistent with the configuration, appearance and coloring of the Aircraft as of the Acceptance Date) and in the event of any such change or modification of configuration, coloring or appearance, (other than as permitted hereby) at the request of Lessor to restore the Aircraft to the configuration, coloring and/or appearance of the Aircraft as of the Acceptance Date or, at Lessor's option to pay to Lessor an amount equal to the reasonable cost of such restoration and (iv) affix and maintain in the Airframe adjacent to the airworthiness certificate and on each Engine a two-inch by four-inch plaque made of metal or other permanent material or permanently painted stencil bearing the following legend:

"This property is Owned by and Leased from Fleet National Bank, c/o Fleet Capital Corporation, One Financial Plaza, Fifth Floor, Providence, Rhode Island 02903. Any removal, alteration, disposal or other change in the condition or location of this property must be approved by the Owner-Lessor."

and such other markings as from time to time may be required by law or otherwise deemed necessary or advisable by Lessor in order to protect the title of Lessor to the Aircraft and the rights of Lessor under this Lease.

## II. Return of Aircraft.

(a) Condition Upon Return. Unless purchased by Lessee, upon the expiration, cancellation or other termination of the Lease (whether following an Event of Default or otherwise), Lessee, at its own expense, will return the Aircraft (together with all Records) to Lessor at a location specified by the Lessor within the continental United States and in the condition in which the Aircraft is required to be maintained pursuant to this M&R Addendum and any other applicable provisions of the Lease. The Aircraft shall be fully equipped with the Engines or the same number, make and model number of engines as are set forth on Schedule No. 1 to Lease Supplement No. 1, which shall fully comply with this M&R Addendum, and which, in the opinion of Lessor, have the same or improved utility, value, useful life, performance, and efficiency (normal wear and tear excepted) as the Engines had on the Acceptance Date and are suitable for use on the Airframe and owned by Lessor and properly installed thereon. Lessee shall not be relieved of any of its duties, obligations, covenants, or agreements under the Lease (including, without limitation, its obligation to pay Rent) prior to the return of the Aircraft in the manner and condition required with respect to such return. In addition, upon the return of the Aircraft, upon the expiration or other termination of this Lease (whether following an Event of Default or otherwise), Lessee shall pay to Lessor the Remarketing Fee. The Aircraft, at Lessee's expense, upon redelivery pursuant hereto (i) shall have a currently effective FAA airworthiness certificate; (ii) shall be free and clear of all Liens other than the Lease and any Lessor's Liens; (iii) shall be in the same configuration and in the same operating condition, ordinary wear and tear excepted, as when delivered to Lessee on the Acceptance Date; (iv) shall be in good operating condition, in good physical condition and good appearance (ordinary wear and tear excepted) with all systems operating normally; (v) shall have no damage history (including, without limitation, any damage history required to be reported on a FAA form #337 or pursuant to any other governmental reporting requirement), unless such damage history has been repaired in accordance with the provisions hereof, and after the making of such repairs, the value of

the Aircraft has not been negatively affected (or in the event that the value of the Aircraft continues to be negatively affected after such repairs, Lessee may avoid any Default that might otherwise result therefrom by paying to Lessor an amount equal to the difference between the value of the Aircraft without such history and the value of the Aircraft with such history); (vi) shall have no open (and shall be in compliance with) all mandatory service bulletins, manufacturer's directives or airworthiness directives and all other applicable service, maintenance, repair and overhaul regulations issued by the FAA and/or any Manufacturer, and (vii) shall be otherwise in the condition and repair required under the Lease. For purposes of clause (v) of the preceding sentence, the existence and the extent of any diminution in value contemplated therein shall be determined by mutual agreement, and if no such agreement is reached between the parties within ten (10) Business Days of Lessor's notice that it desires a valuation with respect to such damage history (the "Damage History Notice"), the parties will use the appraisal process set forth in Paragraph (c) of the Option Addendum to determine the existence and extent of such diminution. The parties will use their best efforts to complete such valuation as promptly as practicable, but, in any event, within thirty (30) Business Days after the Damage History Notice. A final determination regarding the existence and extent of any diminution shall be binding and conclusive on both parties. Upon Lessor's request, Lessee shall assign to Lessor Lessee's rights under any manufacturer's or servicer's maintenance service contracts and/or extended warranties for the Aircraft, the Engines and/or any Parts. If at the time of the return of the Aircraft to Lessor, the actual average annual flight hours accumulated with respect to the Airframe (such product, the "Actual Annual Hours") for the period from the Acceptance Date to such return date (such period, the "Operating Period"), is ten percent (10%) greater than the Estimated Annual Hours (as defined below), then, Lessor and Lessee shall consult for the purpose of determining the Fair Market Sales Value and the Excess Use Amount (as defined below) of the Aircraft as of the return date, and any values agreed upon in writing shall constitute such Fair Market Sales Value and Excess Use Amount of the Aircraft for the purposes of this M&R Addendum. If Lessor and Lessee fail to agree upon such values within 30 days after the return date, then Lessor and Lessee shall follow the appraisal procedure set forth in paragraph (c) of the Option Addendum to the Lease for the purpose of determining the Fair Market Sales Value and Excess Use Amount of the Aircraft. Lessee shall then pay to Lessor within ten (10) days of Lessor's written demand therefor (which demand shall, unless determination of the amount payable is otherwise agreed upon by Lessor and Lessee without consulting with an appraiser, be accompanied by a copy of an appraiser's report containing such determination), an amount equal to the Excess Use Amount. For the purposes of this M&R Addendum, (A) "Excess Use Amount" shall mean the amount by which the Aircraft's Fair Market Sales Value has been diminished as a result of the Actual Annual Hours accumulated with respect to the Airframe during the Operating Period being greater than the Estimated Annual Hours per annum on average; and (B) "Estimated Annual Hours" shall mean the anticipated number of average annual flight hours as shown on Schedule 2-A to Lease Supplement No. 1.

(b) Mid-Life Condition. At the time of such return (i) each Engine shall have available operating hours until both the next scheduled "hot section" inspection and the next scheduled major overhaul of not less than fifty percent (50%) of the total operating hours available between such "hot section" inspection or major overhaul, as the case may be; (ii) the Airframe shall have remaining not less than (aa) fifty percent (50%) of the available operating hours allowed between major airframe inspections; and (bb) fifty percent (50%) of number of available operating months allowed between major airframe inspections until the next scheduled major airframe inspection; and (iii) all life limited parts and components shall have remaining not less than fifty percent (50%) of the available hours, cycles and/or months, as the case may be, until the next scheduled replacement. In addition to the requirements set forth in clauses (i), (ii) and (iii) above, all inspections and scheduled maintenance required to be performed on the Airframe, Engines and all life limited parts and components within one hundred twenty (120) days of the date of return and/or one hundred hours (100) of additional operation shall have been performed by Lessee.

(c) Engines. In the event that any Engine does not meet the conditions set forth in Section II (b) (i) above, for each such Engine Lessee shall pay Lessor an amount equal to the sum of (i) the current estimated cost of the next scheduled "hot section" inspection (including in such estimated cost, all required replacements of life limited parts) multiplied by the fraction wherein the numerator shall be the greater of (A) zero and (B) the remainder of (x) the actual number of operating hours since the previous hot section inspection, minus (y) 50% of the total operating hours allowable between hot section

inspections, and the denominator shall be the total operating hours allowable between hot section inspections, plus (ii) for each such Engine, the product of the current cost of the next scheduled major overhaul (including in such estimated cost, all required replacements of life limited parts) multiplied by the fraction wherein the numerator shall be the greater of (A) zero and (B) the remainder of (x) the actual number of hours of operation since the previous major overhaul minus (y) 50% of the total operating hours allowable between major overhauls, and the denominator shall be the total operating hours allowable between major overhauls.

Notwithstanding the foregoing, the requirements of Section II (b)(i) above and the final sentence of Section II (b) above (but solely with respect to the Engines) shall be deemed to have been satisfied if at the time of return of the Engines (x) the Engines being returned to Lessor shall be covered by a service and maintenance contract in form and substance reasonably satisfactory to Lessor which provides for the maintenance and/or overhaul of the Engines ("Maintenance Contract"), (y) either (i) adequate reserves for future required maintenance and/or overhaul shall have been provided for pursuant to such Maintenance Contract or (ii) all amounts due and payable pursuant to such Maintenance Contract shall have been paid in full through the date of return and (z) the entity which provides the maintenance and/or overhaul services under such Maintenance shall either (i) recognize the transfer by Lessee to Lessor of the rights and interests of Lessor (or its designee) under such Maintenance Contract or (ii) acknowledge the rights and interests of Lessor (or its designee) under such Maintenance Contract.

(d) Airframe. In the event that the Airframe does not meet the conditions set forth in Section II (b) (ii) above, Lessee shall pay Lessor an amount equal to the sum of the product of the current estimated cost of the next scheduled major airframe and pressure vessel inspection (including in such estimated cost, all required replacement of life limited parts) multiplied by the greater of the fraction wherein the numerator shall be the greater of (i) zero and (ii) the remainder of (x) the actual number of respective operating hours or months of operation since previous major airframe and pressure vessel inspection, minus (y) 50% of the respective total operating hours or months of operation allowable between scheduled major airframe and pressure vessel inspections, and the denominator shall be the respective total operating hours or months of operation between scheduled major airframe and pressure vessel inspections.

(e) Parts and Components. In the event any life limited part or component does not meet the conditions set forth in Section II (b)(iii) above, Lessee shall pay to Lessor with respect to each part or component for which said requirement is not met the dollar amount obtained by multiplying (i) the ratio that the life expended in excess of fifty percent (50%) of the available hours, cycles and/or months, as the case may be, until the next scheduled replacement bears to the total allowable life (measured in hours, cycles and/or months, as the case may be) for such part or component by (ii) Lessor's cost of replacement of such part or component. Lessor's cost of replacement of a part or component shall include Lessor's then current cost of purchasing the part or component itself and all of Lessor's then current costs associated with the replacement.

(f) Treatment of Charges. All prorated inspection and/or overhaul charges, if any, shall be payable as Supplemental Rent and shall be due upon presentation to Lessee of an invoice setting forth in reasonable detail the calculation of such amounts due, including the names of all sources used for the required cost estimates. Unless both Lessor and Lessee agree to an alternative source, the Manufacturers of the Airframe and Engines shall be used as the sources for all cost estimates.

(g) Fuel and Records. Upon the return of the Aircraft in accordance with the terms and conditions hereof; (i) each fuel tank shall contain no less than fifty percent (50%) of its full capacity or, in the case of differences in such quantity, an appropriate adjustment will be made at the then current market price of fuel and (ii) Lessee shall deliver all Records to Lessor. In the event any Records are missing or incomplete, Lessor shall have the right to cause any such Records to be reconstructed at the reasonable expense of Lessee.

(h) Storage. Upon the expiration, cancellation or other termination of the Lease, Lessee will, if requested by Lessor, permit Lessor to store the Aircraft at the Primary Hangar Location. During such

storage period Lessee will, at its own cost and expense, keep the Aircraft properly hangared, and will permit Lessor or any Person designated by Lessor, including the authorized representatives of any prospective purchaser, lessee or user of the Aircraft to inspect the same. Lessee shall not be liable, except in the case of negligence, gross negligence or intentional misconduct of Lessee or of its employees or agents, for injury to, or the death of, any Person exercising, either on behalf of Lessor or any prospective purchaser, lessee or user, the rights of inspection granted hereunder. Lessee shall bear the risk of loss and shall pay any and all expenses connected with insuring and maintaining the Aircraft during such storage period. Notwithstanding the foregoing, upon the expiration of the Term for any reason other than an expiration, cancellation or termination which occurs as a result of an Event of Default, the storage period provided for in this paragraph and the obligation to hangar and insure the Aircraft shall be limited to fifteen (15) days.

(i) Replacement Engines. In the event that any engine not owned by Lessor shall be installed on the returned Airframe as set forth in Section II (a) hereof, then Lessee will, concurrently with such delivery, at its own expense, furnish Lessor with a full warranty bill of sale, in form and substance satisfactory to Lessor, with respect to each such engine and with a written opinion of FAA Counsel to the effect that, upon such return, Lessor will acquire a valid and perfected interest in such engine free and clear of all Liens (except Lessor's Liens). Thereupon, unless a Default or Event of Default shall have occurred and be continuing, Lessor will transfer to Lessee, on an "AS-IS, WHERE-IS" BASIS WITHOUT ANY REPRESENTATION OR WARRANTY BY, OR RECOURSE OR WARRANTY TO, LESSOR, all of Lessor's right, title and interest in and to any Engine not installed on the Airframe at the time of the return of such Airframe.

(j) Inspections. Not more than ninety (90) days prior to the expiration of the Lease, upon the written request of Lessor, Lessee shall, at its expense, review the maintenance records of the Aircraft to determine if the Aircraft is in the condition required by this M&R Addendum. Following such review, Lessee shall certify to Lessor that such Aircraft is in the condition required by this M&R Addendum according to the maintenance records for such Aircraft, or, if the maintenance records so indicate, indicate what maintenance or repair is needed to bring the Aircraft to the specified condition.

Lessor shall have the right, but not the duty, to inspect the Aircraft, any component thereof and/or the Records, at any reasonable time and from time to time, wherever located, upon reasonable prior written notice to Lessee. Upon request of Lessor, Lessee shall confirm to Lessor the location of the Aircraft and shall, at any reasonable time and from time to time, upon reasonable prior written notice to Lessee, make the Aircraft and/or the Records available to Lessor for inspection.

(k) Survival. The provisions of this M&R Addendum shall survive the expiration, cancellation or other termination of the Lease and the return of the Aircraft for any reason whatsoever.

(l) Injunctive Relief. Without limiting any other terms or conditions of the Lease, the provisions of this M&R Addendum are of the essence of the Lease, and upon application to any court of equity having jurisdiction, Lessor shall be entitled to a decree against Lessee requiring specific performance of the covenants of Lessee set forth herein.
